HDTV (1080i)
EPG

Enjoy "Free to Air" Digital TV over USB 2.0

AVerTV DVB-T USB 2.0 connects Digital TV with your PC or Notebook and allows you to watch free-to-air digital terrestrial television channels with no subscription to pay. With its fascinating functions, you can have multi-channel preview, real-time digital video recording (DVR), schedule recording, Time-shift and image capturing. In addition, it incorporates a MPEG II software decoder which delivers a picture quality of HDTV (1080i) standard and enables a high quality play-back of the recordings. It also can deliver Electronic Program Guide (EPG) which offers you more information about the TV programs. Next, it is also compliant with Windows Media Center Edition.

HDTV(1080i) Ready

With this pocket-sized digital TV receiver connecting with a notebook, you can watch digital TV shows anywhere and anytime and turn your notebook into a personal mobile TV entertainment system.
